Code for website:

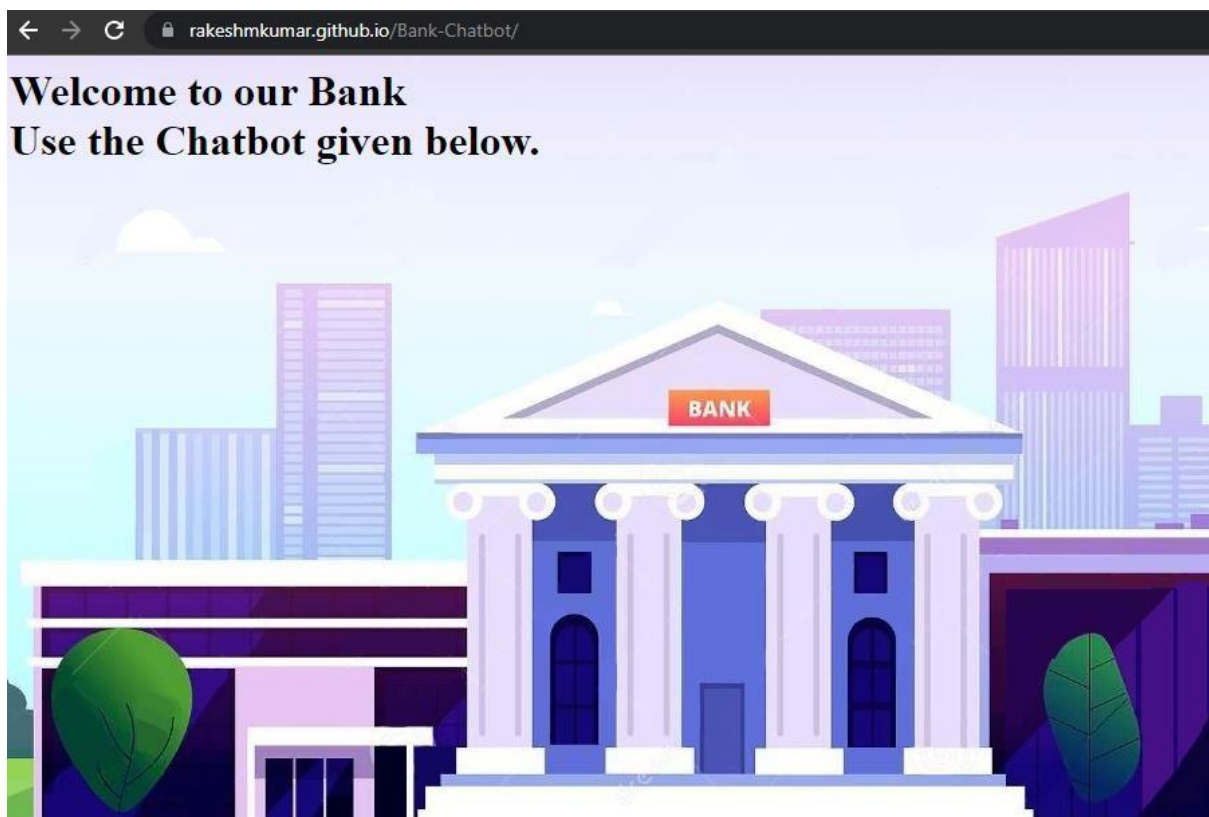

The screenshot shows a code editor interface with a dark theme. At the top, there's a breadcrumb navigation: "Bank-Chatbot / index.html" followed by "in main". Below this is a tab bar with two options: "Edit file" (selected) and "Preview changes". The main area displays HTML code for a website. The code includes a title "Banking Chatbot", a light gray background, and a welcome message.
